

SHESTRONG

SheStrong empowers young women to develop as leaders, social advocates, and changemakers. SheStrong members often organize their own events and conduct their own campaigns, focusing on amplifying the voice of women, increasing access to opportunities for all women and girls, removing barriers, and creating positive social change of all kinds... all under the guidance of a YWCA.GC mentor who equips them with the tools to begin advocating for themselves and others. All high school students of any race, sexual orientation, religion, or kind who identify as female, or male allies, are welcome. Interested? Reach out to us at 843.722.1644 or shestrong@ywca-charlestonsc.org, or simply sign up at ywcagc.org/shestrong.
