

Y GIRLS CODE

What do you want to be when you grow up? If you think you might want to be a #technology star, get your start with our **Y GIRLS CODE** club, offered at no charge to you!

You'll learn to code in a fun, friendly way and join a sisterhood of students like you as you discover how to use tech to create a project of your choice. You'll learn concepts behind all programming languages, too, whether you want to build an app, create a website, design a game, or program a robot! Once you finish, tap into a network of girls, women, and leaders in Charleston. All girls and anyone who identifies as a girl or non-binary are welcome. Email ygirlscodes@ywca-charlestonsc.org for more information, or sign up at ywcagc.org/ygc!

WHO | Grades 3 through 12

WHEN | Autumn 2022
